

Lightbox Gallery

A Lightbox Gallery displays pictures that have been uploaded to eLearn. Pictures can be added by teachers or students. The pictures appear like a gallery and when you click on them you are able to zoom in on the image plus the images can be saved as a copy by the students. You can choose to allow comments about the gallery or show extended image information.

Adding a Lightbox gallery to your course:

1. In your eLearn course, **Turn editing on**. Select **Lightbox gallery** from the **Add an activity or resource** menu.
2. Fill in the form. You change change any of the settings under the **Show advanced** options such as **Allow comments**, **Images per page**, etc.
3. **Save and display**.
